GARAGE OR SHED

- **Building Permit Application-** Please fill out all sections that relate to your project.
- **Letter of Authorization-** Fill out only if the owner wants to delegate building permit responsibility to someone else such as the contractor/ builder.
- **Cross Section-** This form is best filled out by the agent building the garage or shed. It should be submitted with the building permit application.
- **Detailed Drawings-** Including details on all structural components, dimensions, depths and heights, cross sections, floor plans, stamped Professional Engineered (P. Eng.) drawings if required.
- **Typical Site Plan-** To construct a new building a site plan drawing must be submitted showing the items listed on the site plan example.

Note: This list is for general guideline purposes. The Chief Building Official may request other documentation along with your building permit application, as needed, on a case-to-case basis.

If at any time you have questions please feel free to contact the TMSA at 705-563-2426 or by email admin@tembuild.com or your local municipality.
